A EMPRESA

THE COMPANY . L'ENTREPRISE . LA EMPRESA

A Artimentos foi fundada em 1978, em S. Jorge, Porto de Mós.

Dez anos mais tarde, foram inauguradas as novas instalações da fábrica, na Zona Industrial da Batalha e o espaço da antiga sede passou a direcionar-se, apenas, para a venda direta ao público.

O sucesso da Artimentos é o resultado do esforço e dedicação de uma equipa de profissionais competentes, aliados a uma estrutura organizacional integrada, que pressupõe a conceção e design exclusivos de cada peça, a obtenção das melhores matérias-primas aplicadas, rigorosos processos produtivos e uma avançada e eficiente rede de distribuição.

Só uma relação de cooperação e comunicação constantes entre os diversos departamentos e o cliente permitem que a Artimentos ofereça soluções práticas e exclusivas, adequadas a cada espaço e respeitando, sempre, o ambiente.

Ten years later, the new facilities of the factory were established, in Batalha's Industrial Area, and the old headquarters became directed only for direct sales to the public.

The success of Artimentos is the result of the effort and dedication of a team of competent professionals, gathered with an integrated organizational structure, which implies the exclusive design of each piece of work, the use of the best applied prime-matters, thorough production processes and an advanced and efficient distribution network.

Only through a constant relationship of communication and cooperation between the several departments and the client can Artimentos offer practical and exclusive solutions, adequate to each space and always with the most respect for the environment.
